Collection: A Bibliography. Huntsville, AL: Author.

This project was supported by a grant awarded by the Office of Juvenile Justice
and Delinquency Prevention, Office of Justice Programs, U.S. Department of
Justice. Points of view or opinions in this document are those of the author and
do not necessarily represent the official position or policies of the U.S.
Department of Justice.

Scope

This collection is comprised of publications authored by noted researcher Dr. Meaghan Danby. Dr. Danby is a lecturer and researcher specializing in interviewing techniques to appropriately support young children's memory during police interviews. She completed her PhD examining child interviewing strategies in 2016. Since then, she has continued to research techniques that encourage full and accurate accounts from children, as well as other related issues such as the credibility of child witnesses, and adult interviewing techniques. Dr Danby is an experienced interview trainer who has worked nationally and internationally to deliver expert training on interviewing.

Organization

Publications include articles, book chapters, reports, and research briefs and are listed in date descending order. Links are provided to full text publications when possible. However, this collection may not be complete. More information can be obtained in the Child Abuse Library Online.

Disclaimer

This bibliography was prepared by the Digital Information Librarians of the National Children's Advocacy Center (NCAC) for the purpose of research and education, and for the convenience of our readers. The NCAC is not responsible for the availability or content of cited resources. The NCAC does not endorse, warrant or guarantee the information, products, or services described or offered by the authors or organizations whose publications are cited in this bibliography. The NCAC does not warrant or assume any legal liability or responsibility for the accuracy, completeness, or usefulness of any information, apparatus, product, or process disclosed in documents cited here. Points of view presented in cited resources are those of the authors, and do not necessarily coincide with those of the NCAC.
